With premium-grade materials, precision manufacturing, and the thoughtful planning behind each feature, iCook delivers superb performance.

- VITALOK[®] allows you to cook with less water and fat and helps lock in over one-third more essential vitamins and minerals than traditional cooking methods.
- OPTITEMP[®] cooking base works with any common cooktop and provides superb heat distribution and retention for even heating and more efficient cook times.
- DURAMIC[®] nonstick coating offers unparalleled durability, is almost impossible to scratch, and easy to clean.
- Patent-pending ergonomic handles were designed by a world leader in handheld product design and are oven safe to 400°.

* Items are dishwasher safe, but with all premium cookware, handwashing is recommended for superior appearance.

**Lifetime warranty for stainless and Limited Warranty for nonstick against manufacturing defects.
