

# A BREATH OF FRESH AIR IN AIR PURIFICATION TECHNOLOGY.

PURE AIR. PURE BRILLIANCE.

**CLARUS™ FILTRATION**  
99.99% Effective

An activated carbon filter equal in size to 366 football fields, a HEPA & prefilter work together to effectively remove 99.99% of airborne contaminant particles.

**PUREFLOW™**  
Whisper-Quiet Efficiency

Quiet and efficient operation – and only as fast and as often as needed to keep air pure and fresh.

**INTELLENZE**  
Just Set It and Forget It

Just the touch of a button monitors and purifies the air in your home – even when you're not there.

**TURBO POWER**  
Clean, Fresh Power

Clear up to a 390-sq.-foot room of cooking odors, smoke, or other airborne contaminant particles in approximately 30 minutes.
