

SAFETY DATA SHEET

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: SA8 SOLUTIONS™ Chlorine Bleach

Product code: E831, E8204, E8376

Recommended use: Laundry bleach

Distributed by:

Access Business Group International LLC
7575 Fulton Street East
Ada, Michigan 49355

Product information:

Quixtar Customer Support (58C-2A)
7575 Fulton Street East
Ada, Michigan 49355
Information #: 1-800-253-6500

**For Poisoning Emergencies call Access Business Group's poison control service in the United States at 1-616-787-6307
(This is a 24-hour number.)**

2. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Name	Common Name	Weight %	CAS #
Sulfuric acid disodium salt	Sodium sulfate	60-100	7757-82-6
Sodium dichloroisocyanurate, dihydrate	Sodium dichloroisocyanurate	7-13	51580-86-0
Sodium carbonate	Sodium carbonate	1-10	497-19-8

3. HAZARDS IDENTIFICATION

Most important hazards: This product is hazardous according to the criteria of the OSHA Hazard Communication Standard.

Risk of serious damage to eyes.

Harmful if swallowed.

Contact with acids liberates very toxic gas.

4. FIRST AID MEASURES

Inhalation: Move to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

Skin contact: Remove contaminated clothing. Rinse skin thoroughly with water. Launder contaminated clothing before reuse. Get medical advice if symptoms develop.

Eye contact: Remove contact lenses. Rinse with gentle stream of water for 15 minutes, holding eyelids open. Get IMMEDIATE medical advice by calling a poison control center, doctor or hospital emergency room.

Ingestion: If victim is a child, give 4-8 ounces of water. For adults, give 8-12 ounces of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. Get IMMEDIATE medical advice by a poison control center, doctor or hospital emergency room.

5. FIRE FIGHTING MEASURES

NFPA rating: Health 2, flammability 0, reactivity 1

(The NFPA hazard rating system is intended to provide basic information to fire fighting, emergency, and other personnel, enabling them to easily decide whether to evacuate the area or to commence emergency control procedures. It is not applicable to transportation or use by the general public and is not intended to address occupational exposures.)

Suitable extinguishing media: Use extinguishing media suitable for surrounding materials.

Specific Hazards: Contact with water liberates irritating and hazardous chlorine-containing gases.

Special protective equipment for firefighters: Use standard fire-fighting protective equipment.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Wear appropriate personal protection equipment (respirator, gloves, goggles, and/or faceshield, boots, protective clothing).

Environmental precautions: Prevent further leakage or spillage.

Methods for cleaning up: No special collection methods required.

7. HANDLING AND STORAGE

Handling: No special technical protective measures required. Contact with water slowly liberates irritating and hazardous chlorine-containing gases. Do not mix with ammonia, toilet bowl cleaners or other household chemicals.

Storage: No special storage conditions required. Do not store near acids.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures: Mechanical ventilation is not normally necessary when this product is used according to label directions.

Respiratory protection: Respiratory protective equipment is not normally necessary when this product is used according to label directions.

Hand protection: Skin protection is not normally necessary when this product is used according to label directions.

Skin and body protection: Skin and body protection is not normally necessary when this product is used according to label directions.

Eye protection: Prevent eye contact by using protective eye wear appropriate for conditions of use.

General industrial hygiene practice: This product is sold as a consumer product. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: powder
Color: white
Odor: slight chlorine
pH: 9,4 - 9,8
Relative density: No data available
Bulk density: 1,20 - 1,35
Flash Point (F): Not determined
Flash Point (C): Not determined
Flashpoint Test Method: Not applicable

10. STABILITY AND REACTIVITY

Stability: This product is stable.

Conditions to avoid: No conditions are known which would initiate a dangerous reaction.

Materials to avoid: Acids. Contact with highly reactive chemicals like strong acids, strong bases, oxidizers or reducing agents may cause a dangerous reaction.

Hazardous decomposition products: Not determined

11. TOXICOLOGICAL INFORMATION

Principle Routes of Exposure: Eye contact , skin contact , inhalation

Aggravated medical conditions: Exposure to this product may aggravate pre-existing skin, eye, and respiratory disorders.

Inhalation: Inhalation of dust can cause irritation of the upper respiratory tract. Inhalation of vapors can cause irritation of the upper respiratory tract.

Skin contact: Prolonged skin contact may cause skin irritation

Eye contact: Contact with this product can cause mild to moderate eye irritation.

Ingestion: Ingestion of this product can cause irritation of the mouth and throat, upset stomach, nausea, vomiting and diarrhea.

12. ECOLOGICAL INFORMATION

Environmental Classification: This product is not classified as dangerous for the environment.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Empty containers: Do not re-use empty containers. Only empty packaging can be recycled.

14. TRANSPORT INFORMATION

Consult national transportation regulations, product shipping papers and/or shipping containers, or contact your supplier for transport information.

15. REGULATORY INFORMATION

EPA RCRA Hazardous Waste Classification: Not applicable

16. OTHER INFORMATION

The information contained herein is believed to be accurate and represents the best information currently available to us, much of which comes from the manufacturer or supplier of components of this product. Therefore, Access Business Group LLC makes no warranty, express or implied, regarding the accuracy of the data. Health and safety precautions in this data sheet may not be adequate for all individuals and product uses. It is the user's obligation to make certain that this MSDS is the most current MSDS for the product; to evaluate the information contained in this sheet in connection with the uses to which the product is to be put in the workplace and to use the product safely in accordance with applicable laws and regulations. If there are any questions concerning the information contained in this sheet or its applicability to a particular use, the user is instructed to telephone 1-800-253-6500. Access Business Group LLC assumes no responsibility for injury from the use of the product described in this sheet in a way different from that provided in the label directions.
